

## ELLENTUCK INTERIORS

### INTERIOR DESIGN PACKAGES

#### REMODELING:

##### INTRODUCTORY ("OIL RUBBED BRONZE"):

At this level we are available to "give you advice" on how to layout out your space, what materials you could use and what fixtures may be appropriate. This includes three (3) 90 minute meetings with you in our office; one, to review the space, your intentions and photos showing the existing space, and two, to propose layouts, material and fixture suggestions, and three (3) to review your selections and discuss how you could lay them out. We will respond to email for 30 days to answer general questions you may have.

##### MID-LEVEL ("POLISHED NICKEL"):

At this level of service, we are available to walk you through your project and "hold your hand". In order to proceed, you will provide us with a scale floor plan of the space and a set of photos showing all areas of the room. We will help you come up with a layout for the remodeled space and help you come up with a concept for the "look" of the new space. We will review with you the types of materials and fixtures you need to include in the remodel and give you sources to look for them. We will review with you all of your selections and give you feedback. You will prepare plans for lighting, electrical and interior elevations and we will review them and give you our feedback on the layouts. We will provide you with a template for the materials and fixtures to be included in your project and will review them with you once you have prepared them. All drawings and specifications will be prepared by you. Our service will include four (4) 90 minute meetings in our office to review all of these items with you. We will be available for 60 days to respond to email questions about your project.

##### FULL SERVICE (ANTIQUE GOLD):

At this level of service, we will provide full service interior design. With your input, we will design the space layout after taking site measurements and photos. We will research all colors and materials that will be used in the project. We research all the fixtures and appliances, as needed, and provide proposed options for your final selections. We prepare detailed architectural drawings, including a floor plan with finishes, all interior elevations, with material designations, a reflected ceiling plan and electrical plan that your contractor can use to build the project. We also provide you with a complete list of specifications for finishes, fixtures and appliances, hardware and trims, as needed. We include four (4) clients meetings for planning the project and will make three (3) site visits during construction to observe the progress of the project and answer any questions you or your contractor has during construction. We will be available for 90 days to respond to email questions about your project.

### FURNISHINGS:

#### INTRODUCTORY ("COTTON"):

At this level we are available to "give you advice" on how to layout out your furniture, what pieces you could include and what floor coverings and window coverings may be appropriate. This includes three (3) 90 minute meetings with you in our office; one, to review the space, your intentions and photos showing the existing space, and two, to propose layouts for furniture, fabrics and floor coverings and where you might find them, and three, to review your selections and discuss how you they can work together. We will respond to email for 30 days to answer general questions you may have.

#### MID-LEVEL ("LINEN"):

At this level of service, we are available to walk you through your project and "hold your hand". In order to proceed, you will provide us with a scale floor plan of the space and a set of photos showing all areas of the room. We will help you come up with a layout for furnishing the space and help you come up with a concept for the "look" of the new space. We will review with you the types of furniture and fabrics, window and wall coverings that you can use. We will review with you all of your selections and give you feedback. We will accompany you to two of the local retail sources in Seattle or Bellevue of your choosing, and assist you in selecting the upholstery, fabrics, floor coverings, window treatments, tables, storage pieces, lamps and artwork. Our service will include four (4) meetings, the first in our office, two at the local retail stores, for 3 hours for a meeting each, and the final one in our office to review all of the selections you have made. You will place the orders for these items and work with the retailer who will arrange for delivery. We will be available for 60 days to respond to email questions about your project.

#### FULL SERVICE (SILK):

At this level of service, we will provide full service interior design. With your input, we will design the space layout after taking site measurements and photos. We will research all colors and materials that will be used in the project. We research all the furniture, fabrics, wall and window coverings, floor coverings, as needed, lamps, accessories, and provide proposed options for your final selections. We prepare a detailed a floor plan showing furniture placement; drawings for window treatments and custom floor coverings. We also provide you with a complete itemized list of all pieces selected by you with a price for each items listed. Our pricing includes a 25% purchasing fee for handling all of the purchase orders, checking items when they arrive, arranging for delivery and overseeing installation of all items on site. We include four (4) client meetings for planning the project and will make three (3) site visits during the project to observe the progress of paint and/or wall cover installation, window covering installation and furniture and accessory installation. We will be available for 90 days to respond to email questions about your project.
